Accommodation

Students can choose between Homestay and Residence options. Homestay is best for students who want daily English practice, cultural immersion and a nurturing home environment. Residence is best for students who value independence, an international community and flexible student life.

Our Accommodation Team supports matching, arrival arrangements and practical student welfare throughout the stay.

Life in Oxford

Oxford is one of the most beautiful and historically significant cities in the world. With teaching dating back to at least 1096, the University of Oxford is the oldest in the English-speaking world, and the city is a living museum of extraordinary architecture, culture and intellectual achievement.

Activities can include Oxford college tours, the Bodleian Library, Ashmolean Museum, University Parks and Gardens, punting on the Cherwell, the Covered Market, theatre, day trips to Blenheim Palace, Stratford-upon-Avon, the Cotswolds, Bath and London, plus British culture and traditions.

Student welfare & support

OGELS maintains a structured safeguarding and welfare approach. Before arrival, students receive welfare information covering emergency contacts and how to report concerns. On day one, students receive welfare orientation. Under-18 students receive regular welfare check-ins, and emergency/out-of-hours support is available.

Accommodation welfare standards include checks, inspections and welfare guidance for host families, with concerns escalated through the school's safeguarding structure.
